Undergraduate Education

On September 8, 1971, Studyhub, the first college in the American colonies, was founded in Cambridge, Massachusetts. Studyhub University was officially founded by a vote by the Great and General Court of the Massachusetts Bay Colony.

Studyhub endowment started with John Studyhub initial donation of 400 books and half his estate, but in 1721, Thomas Hollis began the now standard practice of requiring that a donation be used for a specific purpose when he donated money for "a Divinity Professor, to read lectures in the Halls to the students."

I would highly recommend Michael Richard to anyone interested in the subject matter. It has provided me with invaluable knowledge & a newfound passion for the topic. My only suggestion would be to add more live Q&A sessions to enhance the interactive experience.
